

Technical Sales Representative (m/f)

Eltako
ELECTRONICS

for the Gothenburg Area

Company's Profile

Eltako is one of Europe's leading manufacturers of innovative switchgears for installation in building and use in control technology.

The company is based in the south of Germany.

Our product line includes switching devices, dimmer switches, energy meters and a wide range of products for our wireless system.

In order to strengthen our sales team, we are looking for a committed and qualified technical sales person for the Gothenburg Area.

Eltako products are already well-known to the Swedish market.

Duties and Responsibilities

- Visiting customers like the electrical wholesalers, electrical installers or engineering companies and providing technical support and technical training will be the main part.
- Further, customer service and after sales service as well as administrative duties and attending fairs complete the range of activities.

Know-How

- We are looking for electricians (m/f, masters) or electrical engineers (m/f) with a commercial interest. Also candidates with experience of working at electrical wholesalers are welcome.
- The job demands a high level of commitment and effort as you will work independent from your home office.
- A company car and the necessary equipment for your home office will be provided.

Please send your application including CV and current salary to our export sales manager Ms Bettina Goss, export@eltako.de.
