F4PT55E-

Wireless 4-way profile pushbutton for single mounting 80 x 80 x 15 mm or mounting in the E-Design55 switching system. Generates the power for wireless telegrams itself when the button is pressed, therefore there is no connecting wire and no standby loss.

With double rocker laser engraved with 'Home Day/ Night', 'Away' and 'Holiday' each for profile switching of Professional Smart Home controllers in the selected language and colour. **8 languages** are available: **-de** (German); **-fi** (Finnish); **fl** (Flemish); **-fr** (French); **-gb** (English); **-nl** (Dutch); **-se** (Swedish); **-sp** (Spanish). There are also **4 colours**: **-am** (matt anthracite); **-pg** (polar white glossy); **-pm** (polar white mat); **-wg** (pure white glossy).

When ordering, please specify the desired language and colour. **Example** of profile button German in pure white glossy: **F4PT55E-de-wg**.
