

Wireless pushbutton with double rocker

F4T65-wg

Wireless 4-way pushbutton for single mounting 84x84x16 mm or mounting into the E-Design65 switching system. Generates the power for wireless telegrams itself when the button is pressed, therefore there is no connecting wire and no standby loss. With double rocker. Smart Home sensor.

F4T65-wg	Wireless pushbutton without battery or wire, pure white glossy	No longer available
