FFG7B-

Wireless window handle sensor, 120 x 35 x 7 mm, with battery (lifetime 7 years). Mounts behind a standard window handle with a 7 mm square pin and variable or fixed pin length. Smart Home sensor.

Wireless transmit telegrams for window positions open, tilted and closed. Status telegram every 15 minutes.

Very simple installation under standard window handle: Unscrew handle, fit sensor, and screw handle back on.

In individual cases, the square pin of the window handle is too short when using the FFG7B- and can be extended using the pin extension SV7x7x14 accessory.
