

FNS55B-wg

Wireless proximity sensor with battery pure white glossy for single mounting 80x80x15 mm or mounting in the 55 mm switch system. With battery (lifetime 5-8 years). Smart Home sensor.

By approaching and removing the hand to approx. 10 cm, this proximity sensor sends radio telegrams, like a 1-channel radio pushbutton.

FNS55B-wg	Wireless proximity sensor, pure white glossy	No longer available
