FRM60M10 AND FRM60M20

Wireless tubular motors 230 V/115 W for steel shafts SW60, torque 10 Nm resp. 20 Nm, speed 14/min, with adapter set, bearing and whisper mode. The wireless tubular motors have a total length of 466 mm resp. 526 mm. The motors are fitted with blind protection and a noiseless soft brake.

- Smart force measurement
- Blind protection up/down and free travel (torque shut-off)
- Adjustable release
- End positions can be adjusted through the assembly cable
- Noiseless soft brake
- Protection class IP44
- Long running time of 10 minutes
- Drive technology with well proven track record
- Extremely quiet
- End positions released
- Blind protection function
- Whisper mode (activated by holding button down)
- Slats lowered slowly
- Soft start/soft stop
- Automatic commands in whisper mode
- Long service life (due to less heat generated)
- Soft brake (non-contact, wear-free)
