Technical data page 17-8.

SNT12-230V/12V DC-1A AND SNT12-230V/24V DC-0,5A

Switching power supply unit. Rated capacity 12 W. Standby loss 0.2 watt only.

Modular devices for DIN 60715 TH35 rail mounting.

1 module = 18 mm wide, 58 mm deep.

At a load of more than 50% of the rated capacity and always if there are adjacent switching power supply units from $12\,W$ rated capacity and if there are dimmers a ventilation clearance of 1/2 module must be maintained with the spacers DS12 on both sides.

Input voltage 230 V (-20% up to +10%). Efficiency 12 V DC 83%, 24 V DC 86%.

Stabilised output voltage ±1%, low residual ripple.

Short-circuit proof.

Overload protection and over-temperature switch-off by means of swichting off with automatic switching-on after fault clearance (autorecovery function).
